

Save money

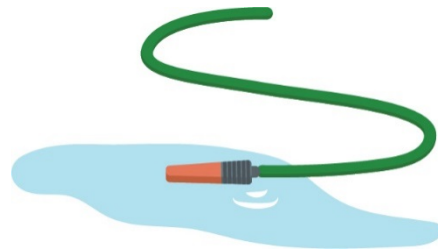

Public housing tenants have a water usage allowance. If your water usage goes past that amount, you will be charged for the extra water.

There are ways you can reduce your water use and keep within your usage allowance.

and be water smart

Are your taps dripping?

Do you have a leaking hose?

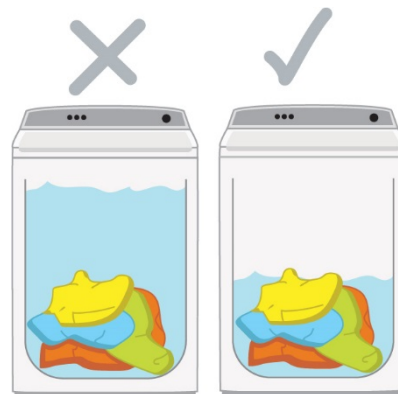

Is your water meter leaking?

Shorter showers will save you money.

Is there water around your toilet? If you find any of these leaks at your home, call for maintenance on 8973 8939.

How much water do you use to wash your clothes? Use less for smaller loads.
